Initial Approval for Licensing - Re- licensing Health Facility

User Guide

July 2025

Table of Contents

Overview: 3

Main Stakeholders: 3

Customer Portal: Raising an Application to Request For Facility Licensing Initial Approval 4

Customer Portal: Application Update on Facility Licensing Initial Approval 21

Overview:

This service allows health facilities to obtain the initial approval which is required to get the necessary license to practice and provide health and treatment services in the UAE. Such facilities include public and specialized clinics, medical centers, diagnostic and rehabilitation centers, emergency and home health centers, fertility and recuperation centers, one-day surgery centers and hospitals, and hospitals of different sizes and specialties.

Main Stakeholders:

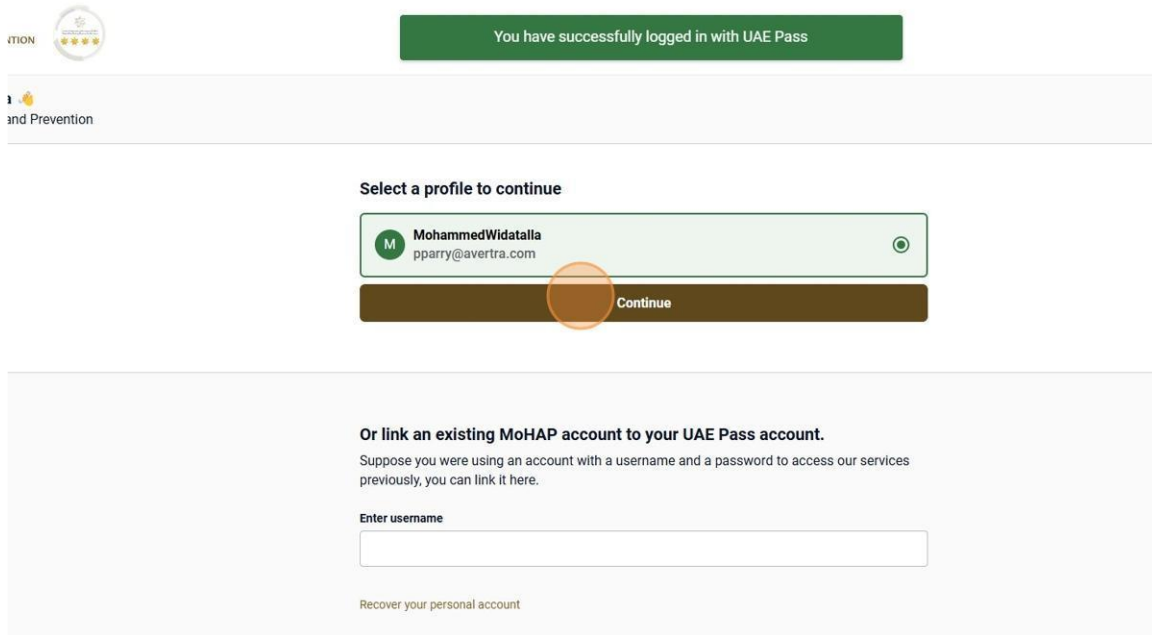

Medical Facility PRO: Primary user of the service. Manage and track the entire application until completion of the service.

MOHAP Officer: Reviews the application, verifies the documents, sends back application for any changes/revisions and takes action on the application - Approve/Reject.

MOHAP Engineer: Reviews the site Self-Assessment checklist, reviews and approves the Facility Drawing Plan or provides comments.

Customer Portal: Raising an Application to Request For Facility Licensing Initial Approval

1. Sign-in through UAE Pass and proceed to select the business profile linked to your account.
Click "Continue" after selecting the facility profile.

Inspection - Final Approval to License a Medical Facility Start Service →	Final Approval For Licensing A Medical Facility Start Service →	Cancellation of licen Start Service →
Renewal of License for a Medical Professional Start Service →	Renewal of Medical Facility License Start Service →	Adding/Removing Sp Start Service →

4. A drop down menu allows the user to select the application type: "License" or "Re-license."

The "Re-license" option is only available to users with one or more facilities where the license status is auto-cancelled (licenses expired for over 180 days without renewal). Users with no auto-cancelled facilities bypass the re-license step and proceed directly to entering new facility details.

Fill the following:

- Facility Details.
- Core Specialties.
- Second Specialties if needed.
- Facility Location.
- Contact Person Details.
- Engineer Consultant Details if available.

If you wish to not proceed;

- Click on 'Back' to go back to the previous page.

OR

- Click on the 'Save and Close the Application' to save the application as a draft. This draft will have a validity of 30 days only.

Fill Facility Details
Provide the facility details outlined below to proceed to the next step.

Note:

When re-licensing a facility, the system will check for medical staff with expired staff licenses.

If any of the facility's staff have expired licenses, a warning message will pop up. This is just a heads-up so they can get those cancelled or renewed before the final approval process..

The screenshot shows a form for re-licensing a facility. It contains four input fields: 'Number of Students' with the value '70', 'Number of Clinics' with the value '4', 'Facility Name (English)' with the value 'Aster Hospital', and 'Facility Name (Arabic)' with the value 'مستشفى أستر'. Below these fields is a blue-bordered warning box titled 'Medical professional fines'. The box contains the text: 'There are fines imposed on your medical professionals that must be cleared to be able to apply for final approval.' and two links: 'Renew medical professional license' and 'Cancel medical professional license'. A close button (X) is in the top right corner of the warning box.

8. Complete Site self-Assessment of a Medical Facility:

- Site self-Assessment checklist is tailored to facility's category/sub-category.
- Applicants must select "Yes/No" for each checklist item.
- Application cannot proceed if any checklist item is marked "No"; the system informs the applicant of non-eligibility.
- Progression to the next step is allowed when all items are marked "Yes."
- Applicants will be able to download the Site Self Inspection checklist.
- For health facilities under the category of hospitals, specialized hospitals, rehabilitation hospital, one day surgery center, Fertility center and endoscopy center require a facility site assessment report. (shall be prepared and approved by specialized engineer consultants in healthcare design and planning)
- Upload the facility self-assessment report and tick the consent box.
- The "I understand and agree" checkbox must be confirmed before continuing.

Site Self Assessment Checklist

The Site Self-Assessment checklist of the medical facility below should be filled out, reviewed, and confirmed by the facility representative and the engineering company in charge.

[Download Self-Inspection Checklist](#)

Number	Description	Yes	No
1	The facility is accessible through paved roads.	☒	☐
2	The facility location is far enough from any source of contamination and noise.	☒	☐
3	The facility is located in a secure area.	☒	☐
4	The facility has enough car parking lots. (If not present currently, it can be provided in the construction phase of the facility).	☒	☐

11. in case the owner is and individual, you need to add the person details by clicking on "Add Owner."

The screenshot shows the 'Initial Approval for Licensing a Medical Facility' form. On the left, a progress bar indicates 33% completion, with steps 1 through 6 listed: 1. Fill Facility Details, 2. Site Self Assessment Checklist, 3. Add Owner & Partners (current step), 4. Upload Documents, 5. Review Application, and 6. Payment Summary. The main section is titled 'Add Owner & Partners' and includes the instruction: 'In this section, you will be asked to provide personal details of the facility's owners.' Under the 'Owner' section, it says 'Specify the majority owner of the medical facility.' The 'Owner Type' section has two radio buttons: 'Company' and 'Individual'. The 'Individual' option is selected and highlighted with a green background. Below this, there is a button labeled 'Add Owner' with a plus icon. The 'Partner(s)' section says 'Specify the partners of the medical facility' and has a button labeled 'Add Partner' with a plus icon. At the bottom, there are 'Back' and 'Continue' buttons. A small text at the bottom right says 'Save and Close the Application'.

12. Add the owner details bu adding their "Emirates ID" and "Date of Birth".

The screenshot shows the 'Add Owner' form. At the top, there is a back arrow and the title 'Add Owner'. Below this is the 'Search for details' section, which includes the instruction: 'Enter EID and date of birth to fetch details.' There are two input fields: 'Emirates ID number' with the value '7114' and 'Date of birth' with a calendar icon. Below these fields are two buttons: 'Clear All' and 'Search details'. The 'Verify Details' section follows, with three input fields: 'Full Name (English)', 'Full Name (Arabic)', and 'Gender'. The 'Gender' field has the value 'Male'. A small orange semi-circle is visible on the right side of the form.

13. In case the owner is a company, add the company details and required documents
